U.S. CODE, TITLE 18, SECTION 1001.**

Application, FCC Form 307, for Extension of  
Broadcast Construction Permit  
Mario Loredo  
KZQD(FM), Liberal, Kansas

EXHIBIT 1

Mario Loredo consummated the acquisition of the construction permit for KZQD(FM), Liberal, Kansas, from Alpha Broadcasting, Inc. on May 4, 1994, and notified the Commission of the consummation of the assignment by letter on that same date. See File No. BAPH-903824GE. The Commission's Consent to Assignment, FCC Form 743-FM, dated March 8, 1994, established May 4, 1995 as the construction completion deadline.

Mr. Loredo hereby requests an extension of time to complete construction in order to relocate the transmitter site. The currently authorized site requires that Mr. Loredo construct a new tower. Mr. Loredo has located an existing tower upon which he can mount his transmit antenna, and a minor modification of construction permit application will be filed within a matter of days. This will be a much more cost effective operation, and will enable Mr. Loredo to devote a much higher proportion of his finite resources to program services. The new site is also a mere 3 miles from the planned studio location, whereas the currently authorized site is 18 miles from the planned studio. The alternative site has the additional advantage for Mr. Loredo of including an option to purchase the tower at some later date.

KZQD will be the only Spanish language radio station in the Liberal, Kansas area. Hispanic residents represent fully one-third of the total population, and KZQD will provide an important media outlet for a grossly underserved part of the citizenry. To the extent that Mr. Loredo, himself an Hispanic, will be able to develop a financially viable radio station, by, among other elements, minimizing his overhead costs, the public interest will be served.

Upon grant of the forthcoming minor modification of construction permit application, Mr. Loredo anticipates completing construction within 3 to 6 months, and does not anticipate needing to file another extension request.

For good cause shown, Mr. Loredo respectfully submits that the public interest will be served by a grant of this extension of permit request.

Application, FCC Form 307, for Extension of  
Broadcast Construction Permit  
Mario Loredo  
KZQD(FM), Liberal, Kansas

EXHIBIT 2

In response to Item 8 of FCC Form 307, Mr. Loredo recently realized that he inadvertently provided an incorrect answer in the Assignee's portion of the FCC Form 314, Application for Consent to Assignment of Broadcast Station Construction Permit or License, which he filed in conjunction with Alpha Broadcasting, Inc. on August 24, 1993. File No. BAPH-930824GE. Item 4(b), Section II of the Form requested Mr. Loredo's citizenship. Mr. Loredo indicated that he is a U.S. citizen when in fact, Mr. Loredo was then and remains now a citizen of Mexico.

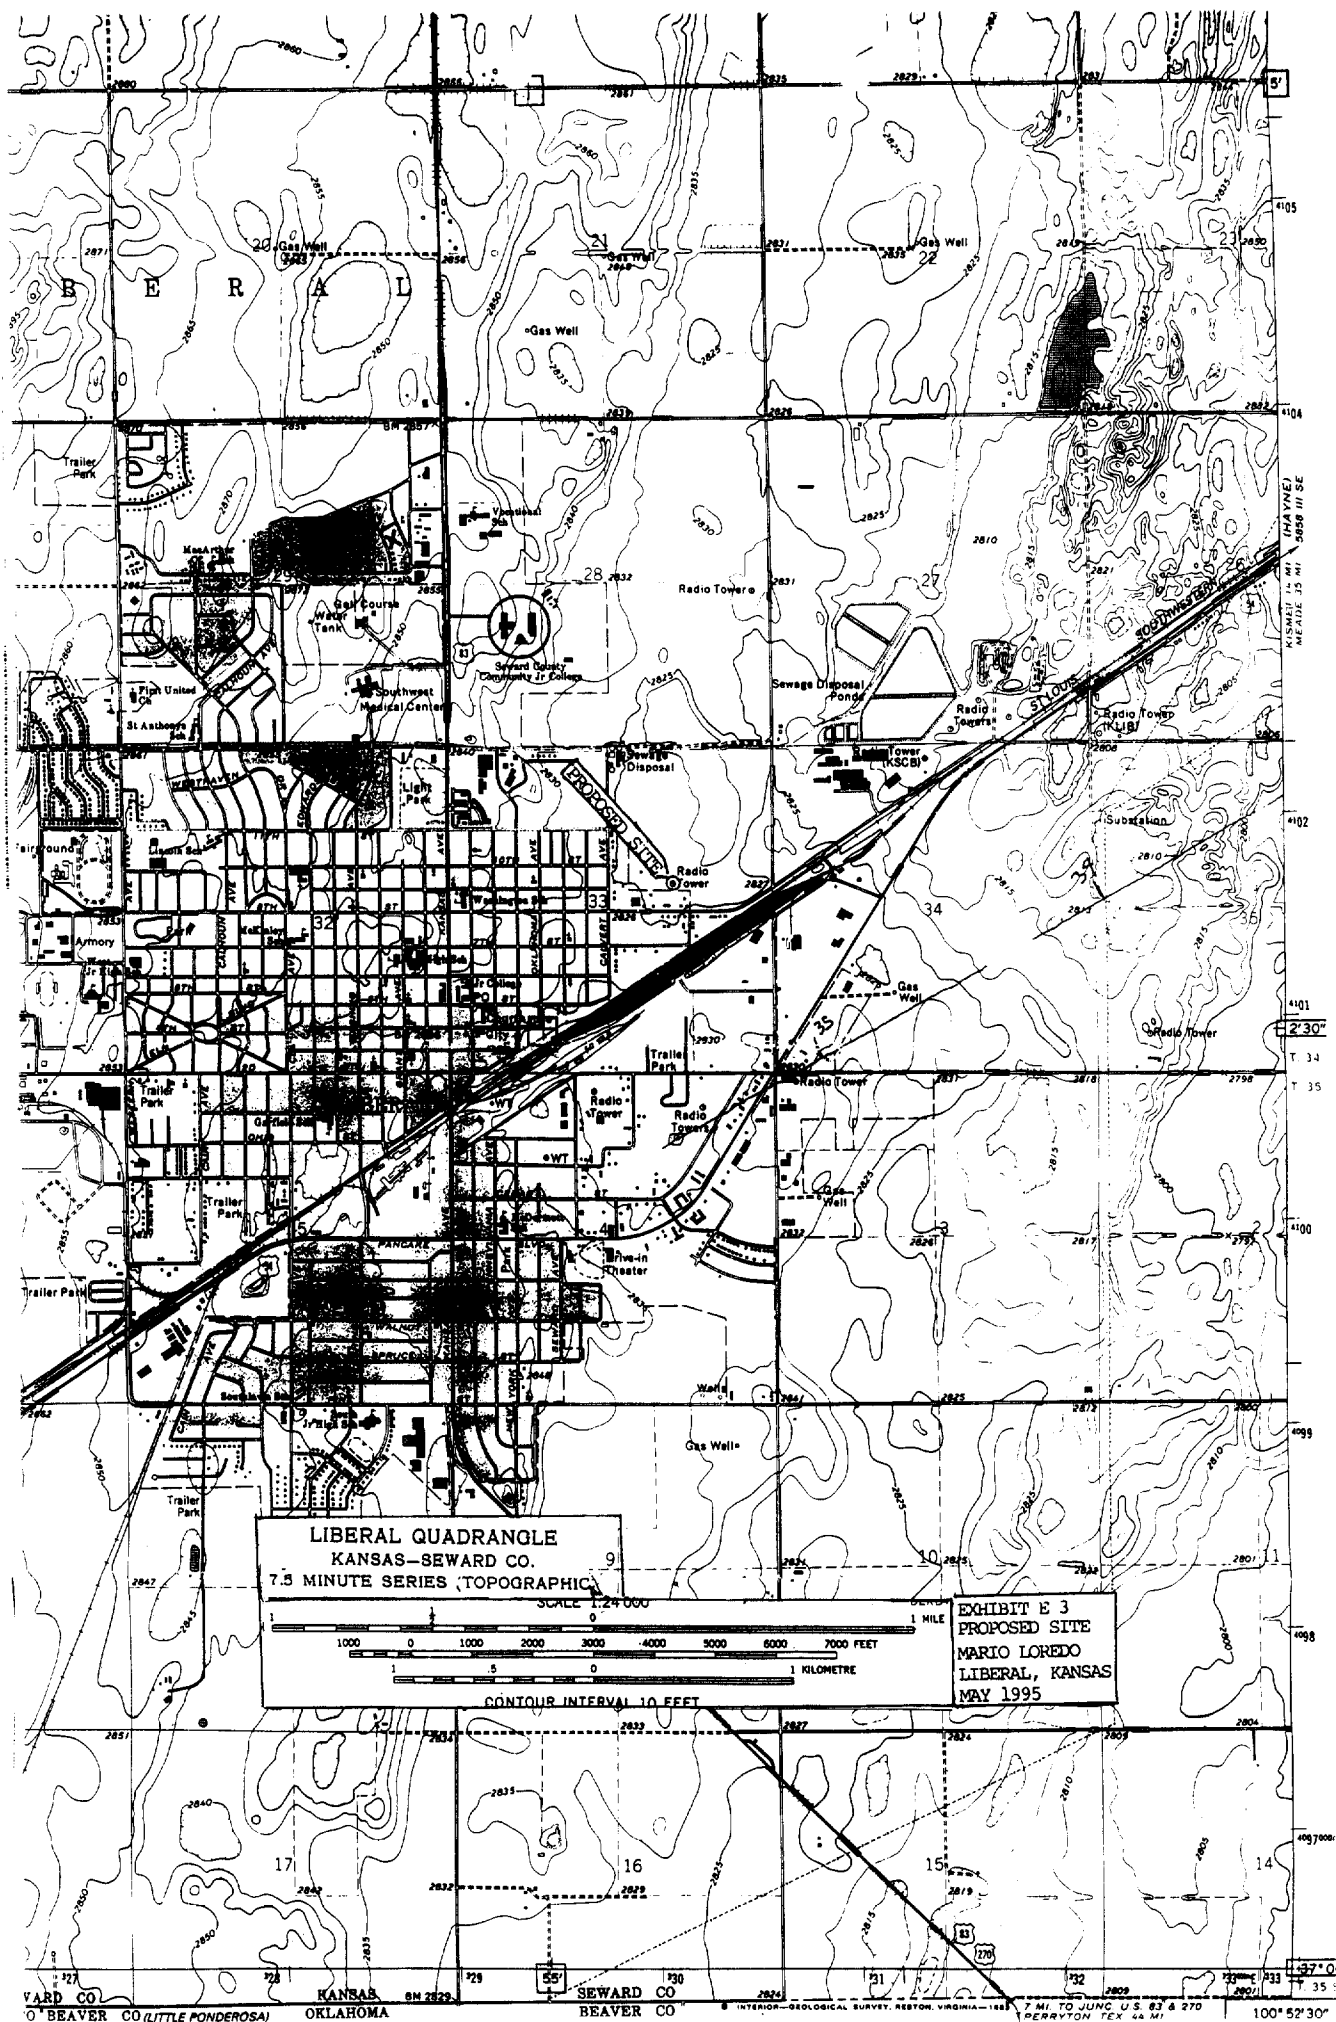

Mr. Loredo has resided in the United States for 22 years, and is a legal resident of the U.S. He is in the process of applying for United States citizenship, and has been informed by his lawyer that citizenship should be forthcoming within 6 months, and possible sooner.

Given that Mr. Loredo does not anticipate commencing operation of KZQD prior to the resolution of his citizenship status, Mr. Loredo respectfully asks the Commission to rule that his temporary status as a non-U.S. citizen permittee meets the public interest standard of Section 310 of the Communications Act of 1934, as amended. (See Exhibit 1 for additional public interest factors.) Mr. Loredo will keep the Commission apprised of his status, and

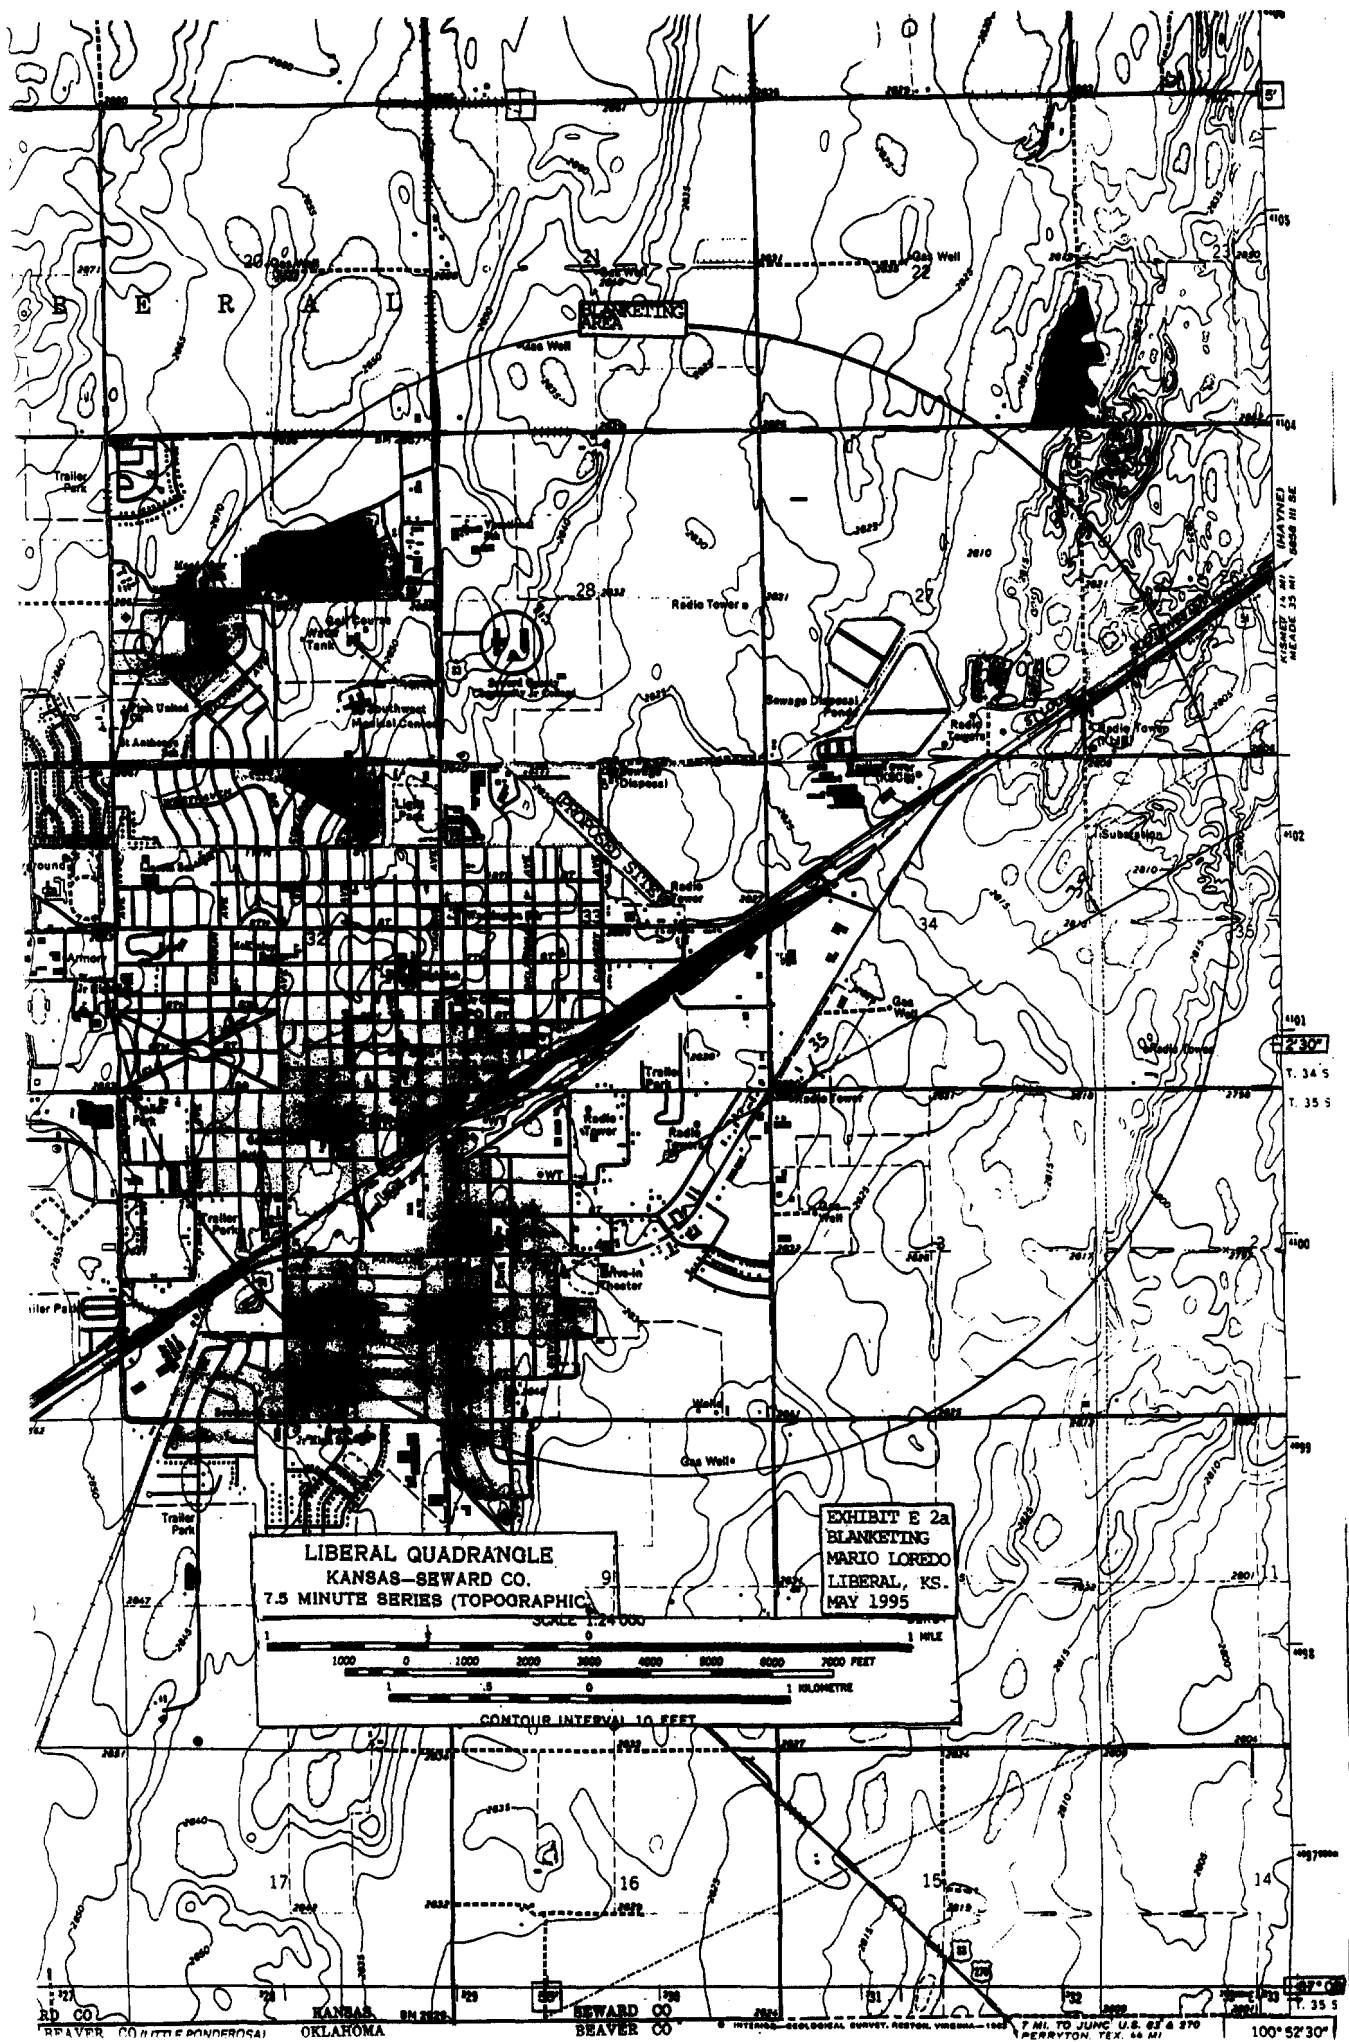

will work diligently towards a prompt resolution. If he becomes aware of the possibility of a protracted delay, or other significant obstacle, to obtaining U.S. citizenship, he will so notify the Commission.

**ALPHA BROADCASTING, INC.  
REQUEST TO REPLACE EXPIRED  
CONSTRUCTION PERMIT  
KZQD, LIBERAL, KANSAS**

**Exhibit 1**

Alpha Broadcasting, Inc., permittee of a new FM station KZQD, Channel 286, Liberal, Kansas, hereby requests reinstatement and an extension of an expired construction permit. The construction permit, File No. BPH-901111MC, expired on October 7, 1993.

The subject facilities were authorized by the Commission's Report and Order, Amendment of Section 73.202(b), Table of Allotments, RM-8023, MM Docket No. 92-149, released October 26, 1992. The Report and Order amended the Table of Allotments accordingly, effective December 10, 1992, and directed Alpha to file a minor modification of construction permit application within 90 days of its effective date, i.e., March 10, 1993.

On March 10, 1993, Alpha requested additional time within which to file the requested minor modification of construction permit application specifying the channel 286C1 facilities, due to the fact that it was negotiating with a prospective purchaser of the construction permit. Those negotiations having been concluded, an Application for Consent to Assignment of Broadcast Station Construction Permit or License, FCC Form 314, was filed on August 24, 1993. Construction of the authorized facilities was deemed premature since the proposed Assignee, Mario Loreda, was uncertain whether an upgrade is necessary.

Recently, Commission staff requested amendment of the assignment application and a certification from Mr. Loreda regarding his commitment to promptly build station KZQD following

grant of the assignment application. Both the requested Amendment and the Assignee's Assurance were filed with the Commission on October 27, 1993.

Assignee Mario Loreda remains firmly committed to the goal of promptly building Station KZQD upon reinstatement of the construction permit and grant of the assignment application for same.

Clearly, the public interest in the prompt initiation of new service by Mr. Loreda will be best served by the reinstatement and extension of the KZQD permit.
